Energy S.p.A., founded in 2013 by Davide Tinazzi, Andrea Taffurelli, and Massimiliano Ghirlanda, and listed on the Euronext Growth Milan market of Borsa Italiana since August 1, 2022, is a company based in the province of Padua, a leading player in the field of energy storage systems, catering to both residential and large-scale applications. These systems enable the storage and release of energy based on the energy needs of customers. As of June 30, 2023, Energy has sold and installed over 60,000 systems across the country, serving residential, commercial, industrial, utility, and electric mobility markets. The production value as of June 30, 2023, stood at 40.1 million Euros, with revenues of 39.3 million and a net profit of 5.5 million. Among the most notable projects completed are the large facility in Comiso, Sicily, consisting of an agri-voltaic plant and a photovoltaic field; the major plant dedicated to CAAB in Bologna; Smart Grids in numerous municipalities in Sardinia and Lombardy; a Condominium Energy Community in Switzerland where individual nodes exchange energy as needed. Energy's sales channels include both general electrical material distributors and photovoltaic specialists, and the company also collaborates with major European EPCs. Energy's logistics proximity to the main distributor locations has led the company to establish strong partnerships with players in the Italian and European markets. The company procures components from

leading international suppliers and combines them with proprietary software called "ZeroCO2" to create systems compliant with European Union standards. For more information, please visit <https://www.energysynt.com/en>
